DETAILED ACTION
EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with T. Daniel Christenbury on 1/31/2008.

The application has been amended as follows:

Claim 39, Line 6, "programs(s) or sequences(s)" is replaced by "programs or sequences".

Claim 39, Line 12, "ordered programs(s) and/or sequences(s)" is replaced by "ordered video programs or sequences".

Claim 39, Line 16, "programs(s) and/or sequences(s)" is replaced by "programs or sequences".

Claim 39, Line 18, "programs(s) or sequences(s)" is replaced by "programs or sequences".

Allowable Subject Matter

Claims 39-42 and 45-58 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to anticipate or rendered obvious the combined elements/steps of "**wherein the video programs or the sequences sent to the user are divided into two parts: a first part corresponding to the original video program in which some or all of the I-frames are substituted with false I-frames and a second part stored on the multimedia server and corresponding to the substituted I-frames and to information allowing reconstruction of the original video program from the first part and wherein the second part is obtained with a connection to the multimedia server each time a user wants to watch the video program and is necessary to reconstruct the original video program**", as recited in the claims in conjunction with the remaining claim limitations..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
